

Digital Timer Quick Start Instructions – HB88RC

Clearing Timer:

Clear timer by pulling the battery out for 30 seconds, then replace. You will see 12:00 AM on the screen.

Program:

On Time

1. Press PROGRAM button.
2. Press DAY button once for all 7 days, or press repeatedly until you get the day(s) that you need.
3. Press the HOUR and MINUTE buttons for desired ON time.
4. Press PROGRAM button again.

Off Time

1. Press PROGRAM button.
2. Press DAY button once for all 7 days, or press repeatedly until you get the day(s) that you need.
3. Press the HOUR and MINUTE buttons for desired OFF time.
4. Press PROGRAM button again.

Repeat steps for more on and off times.

Set Clock:

1. Press CLOCK button.
2. Press MODE button two times to Auto.
3. Press and hold CLOCK button (do not let go).
4. Press the DAY button for today's day, still holding CLOCK button.
5. Press the HOUR and MIN. button for the current time, still holding CLOCK button.
6. When finished, release CLOCK button.

Clearing Program:

To clear a program, go to program, then press and hold MODE button, then press PROGRAM button.

Refer to owner's manual for detailed setup instructions and additional information.
